Individuals are limited to speak for three (3) minutes. The total time for Call to the Public may be up to 15 minutes per meeting. Committee action taken as a result of public comment will be limited to directing staff to study the matter, scheduling the matter for further consideration and decision at a later date, or responding to criticism.

5) OLD BUSINESS

a) Discussion and update regarding Municipal building signage.
Ms. Tidaback reported on the following:
- The Municipal building signs are under construction.
- Installation expected within the next 2 weeks.
- Rather than solar lighting, trenching for full power is underway.

b) Discussion and update regarding grocery store recruitment efforts.

Committee member and Ms. Tidaback discussed following:
- There is traction but most of the National Grocers are on a holding pattern.
- Staff has been making headway with a local developer who is in contact with Basha’s, they have not said no at this time; they are waiting to see what the future of the market is.
- Staff has been working on a map of the current needs and demographic data, and has provided this to Fry’s and Basha’s.
- The trade area is very difficult to compete with Maricopa County.
- The question is not if but when another grocer will develop in Town.
- Council member questioned about customer count for the local Safeway. Staff reported the grocery store demand study showed the Town leaking 30-40% of population shopping in Prescott. The Safeway in Chino Valley is estimating close to $800,000.
- Council questioned staff about contact with Walmart. Staff believes Walmart at this time is the most feasible out of any grocer and possibly a Basha’s after.
- Council would be supportive of a Neighborhood Walmart Store.
- The Town needs healthy competition with another grocery store.

6) NEW BUSINESS

a) Discussion and update regarding the Comprehensive Economic Development Strategy (CEDS).

Ms. Tidaback presented the following 6 key focus areas:
- Development of the Chino Valley Business Park at Old Home Manor – Council and staff discussed possible partnership with CP Technologies. This company is looking for a runway to fly their drones.
- Development expansion of State Route 89 corridor
- Business retention and expansion (BRE’s)
- Securing a second grocer
- Ignite tourism campaign

- Ms. Brasher commented on the positive feedback received from local businesses regarding the coupon book presented to individuals who recently took part in recent shooting-range competition.
- 350 people attended at the competition; unfortunately, they did not stay here locally due to the lack of availability.

- Old Home Manor recreation – Discussion regarding the softball fields and lighting at Old Home Manor. Council and staff decided to continue further discussion on these items at the next meeting to allow Councilmembers time to review the handout.

b) Consideration and discussion regarding a possible dirt pad at Old Home Manor (OHM) and possible installation of a real estate sign with building rendering.
Committee members and staff disused having public works complete a dirt pad at Old Home Manor and install a real estate sign on the property. Staff believes Old Home Manor zoned as light industrial use.

c) Discussion and update regarding a Request For Proposal (RFP) for a RV Park at OHM.

Committee members and staff discussed the potential of an RV Park at OHM and would bring this topic back and discuss further at an upcoming Study Session.

d) Consideration and discussion regarding hiring an outside company to create building plans to pre-permit through the Town.

Ms. Tidaback presented the following:
- Hire an architecture company to have pre-permitted building plans at OHM. This would allow for more business friendly experience and expedite an individual requesting a building.
- Committee members requested this concept discussed at the next Study Session.
